

# Instant rebates available for high-efficiency lab-grade cold storage!

Save money at the time of purchase on high-performance lab freezers, refrigerators, and ultra-low temperature freezers.

DTE has partnered with suppliers to offer savings of up to \$1,200 per unit on select high-efficiency laboratory-grade refrigerators or freezers, and ultra-low temperature (ULT) freezers to qualifying customers. Participating distributors apply the rebate directly to your purchase price at the point-of-sale, so you save instantly.

Qualified Product	Unit Volume	Rebate per Unit
<b>NEW!</b> Laboratory-Grade High-Performance Refrigerators	6 – 24.9 cu. ft.	\$600
	25 – 43.9 cu. ft.	\$800
	≥ 44 cu. ft.	\$1,200
<b>NEW!</b> Laboratory-Grade High-Performance Freezers	6 – 21.9 cu. ft.	\$600
	≥ 22 cu. ft.	\$1,200
High-Efficiency Ultra-Low Temperature (ULT) Freezers	15 – 23.9 cu. ft.	\$600
	24 – 30 cu. ft.	\$1,200

## How It Works

- 1 Find a participating distributor**  
 Visit [foodservice.dteincentives.com](https://foodservice.dteincentives.com) for a list of participating distributors (or ask your favorite local supplier!).
- 2 Choose qualifying equipment**  
 Ask your distributor what qualifying model is right for your facility; they should be able to reflect this discount on your quote.
- 3 Receive your instant rebate**  
 Confirm your equipment's installation address. The rebate will be applied as a discount on your invoice.
