

# New 2023 Incentives for Vital Equipment

Help your customers save more with instant rebates on lab-grade cold storage equipment.

We're offering big instant savings on ENERGY STAR® high-efficiency laboratory-grade refrigerators, freezers, and ultra-low temperature (ULT) freezers to commercial & industrial customers in Con Edison territory. Participating distributors apply the rebate at the point-of-sale—no waiting, no paperwork!

## How It Works

### 1. Choose Qualifying Equipment

Your distributor will help you find the right model for your business.

### 2. Confirm Installation Eligibility

Confirm the equipment will be installed at a non-residential facility within Con Edison's electric service territory and that you are not already receiving an incentive through another Con Edison program.

### 3. Receive Your Instant Rebate

Your rebate will be applied instantly during the sale of your equipment.

Qualified Product	Unit Volume	Rebate per unit
<b>NEW!</b> Laboratory-Grade High-Performance Refrigerators	6-24.9 cu. ft.	\$600
	25-43.9 cu. ft.	\$800
	44+ cu. ft.	\$1,200
<b>NEW!</b> Laboratory-Grade High-Performance Freezers	6-21.9 cu. ft.	\$600
	22+ cu. ft.	\$1,200
High-Efficiency Ultra-Low Temperature (ULT) Freezers (-80 C)	No restrictions	\$1,200
