<sup>1</sup> Qualified products lists (QPLs) can be found on [pse.com/foodservice](http://pse.com/foodservice). Rebate cannot exceed the pre-tax, pre-installation purchase price of the qualified product.

<sup>2</sup> Rebate columns are not cumulative. PSE electric customers qualify for electric rebates. PSE natural gas customers qualify for natural gas rebates.

<sup>3</sup> Qualified dishwashers will receive 1 of the 3 rebate amounts listed based on PSE-provided fuel. Choose dishwasher type and temperature combined with your on-site water heater fuel type and the type of fuel PSE provides to you to find your rebate potential.

<sup>4</sup> Water heating fuel type is the on-site water heater at the business, not the internal heater within the dishwasher unit.

<sup>5</sup> Customers in City of Seattle do not qualify for Tier 1 fryer, steamer, or dishwasher rebates due to City Code specifications.

<sup>6</sup> Due to Seattle Energy Code, City of Seattle PSE natural gas customers are eligible for a \$1,500 rebate on Tier 2 fryers. All other PSE natural gas customers are eligible for a \$4,000 rebate on Tier 2 fryers.
