# Get instant savings on foodservice equipment

National Grid<sup>1</sup> offers instant rebates up to \$3,000 per unit to non-residential customers for the purchase and installation of qualifying energy-efficient natural gas and electric foodservice equipment.

#### **Qualifying Equipment**

Many makes and models of natural gas and electric foodservice equipment qualify for rebates. Eligible equipment must be installed at an active, valid, non-residential National Grid natural gas or electric service location. For a full list of eligible equipment, select the corresponding equipment lists at <a href="https://www.energystar.gov/productfinder">www.energystar.gov/productfinder</a> or <a href="mailto:caenergywise.com/instant-rebates/qpl/">caenergywise.com/instant-rebates/qpl/</a>.

### Save Money on Your Invoice!

As a National Grid customer, you can skip the paperwork and receive a rebate directly on your invoice when you purchase qualified natural gas or electric foodservice equipment from participating dealers.

## Earn Lifetime Savings with High-Efficiency

Energy-efficient equipment uses less energy and water, so you pay less on your utility bills without sacrificing performance. Major cooking appliances account for almost 35 percent of the average restaurant's energy expenditures. Energy-efficient equipment can decrease these energy costs by as much as 75 percent.<sup>3</sup>
