

Lab grade cold storage instant rebates

Offer your customers incentives up to \$2,000 per unit!

The Sponsors of NHSaves are supporting the delivery of the COVID-19 vaccine and ongoing life sciences and biomedical research by offering incentive opportunities for most ENERGY STAR® certified lab-grade high-performance refrigerators & freezers and all ENERGY STAR® certified ultra low temperature freezers. The amounts below are effective for all sales* made on or after October 15, 2022.

*A sale is defined as a customer's commitment to purchase the equipment (e.g. a customer purchase order).

How to Participate

- 1. Verify customer eligibility.** To be eligible for incentives, qualifying equipment must be installed at a facility in New Hampshire that has a commercial or industrial electricity account with one of the Sponsors. Sales to customers with Municipal electric accounts in New Hampshire are not eligible. Customers already receiving incentives for the equipment through another program from the Sponsors are not eligible.
- 2. Obtain pre-approval if necessary.** To guarantee the incentive, sales over 10 units to a single customer facility require pre-approval. Contact Energy Solutions with the number of units being installed, the equipment make and model, and the customer's installation address.
- 3. Complete the sale and submit application for rebate.** Incentive claims for all sales must be submitted within 90 days of the sale date.

Qualified Product	Equipment Size	Rebate per Unit	Distributor Stipend per Unit
Lab-Grade High Performance Refrigerators	≥6 and <25 cu. ft.	\$600	\$50
	≥25 and <44 cu. ft.	\$800	\$50
	≥44 cu. ft.	\$1,200	\$50
Lab-Grade High Performance Freezers	≥6 and <22 cu. ft.	\$600	\$50
	≥22 cu. ft.	\$1,200	\$50
Ultra-Low Temperature Freezers	>6 cu. ft.	\$2,000	\$50

Some ENERGY STAR® models within the above categories may no longer qualify. Please review the current qualified products list to verify.
