

# SMART \$AVER® – MIDSTREAM CHANNEL

## Pass on big savings to customers when you collaborate with Duke Energy

Give your customers up to 75% off energy-efficient products and we'll reimburse you.

Join other distributors who are teaming up with Duke Energy to offer rebates on energy-efficient products such as food service equipment. Smart \$aver Midstream channel is available to business customers of all Duke Energy utilities, except Duke Energy Florida, where alternative options are available.

### Midstream food service distributors:

- Get a leg up on the competition and increase their customer base
- Can offer customers lower costs on high-efficiency products
- Extend instant savings to customers
- Showcase their commitment to energy efficiency
