

## Save money and energy in your commercial kitchen

The Foodservice Equipment Rebates offering provides instant discounts for qualifying high-efficiency kitchen equipment.

### The right equipment for your kitchen at the right price

Energy-efficient foodservice equipment can offer energy savings of 10 to 70 percent over standard models, depending on product category.\* That means for every \$1,000 spent on utility bills, you could be spending up to \$700 in unnecessary energy use.

Foodservice equipment has come a long way. These energy-efficient models are reliable and can help you save money. And with discounts up to \$3,000, you can choose the right equipment for your kitchen, for the best price and performance.
