

Instant Rebates available for Commercial High-Efficiency Gas and Electric Foodservice Equipment

Give your eligible customers instant point-of-sale rebates on high-efficiency natural gas and electric food service equipment within New Hampshire.

Program Benefits

- Instant rebates at the point-of-sale can increase your sales of high-margin, energy-efficient gas and electric equipment.
- Minimize paperwork and increase customer satisfaction and participation.
- You'll receive a sales spiff for each eligible high-efficiency product discounted at the point-of-sale.
- Sales spiff and full rebate repayments are paid within an average of two weeks from application approval.
- The streamlined online tool makes it easy to submit applications and track payments.

Enrollment

All equipment dealers who sell qualifying, energy-efficient foodservice equipment to natural gas and electric customers in participating territories are eligible to enroll.

Qualified Equipment

Instant rebates can be given for eligible energy-efficient natural gas and electric foodservice equipment. Please see the following page for a list of qualifying equipment and incentive amounts. For a more comprehensive list of eligible equipments models, please check the qualifying products list or contact the Instant Rebates! Team.

Program Requirements

- Purchased equipment must be installed at a non-residential site with an active Eversource, Unitil, or New Hampshire Electric Co-op account in New Hampshire.
- Dealers must agree to all program requirements to participate and receive incentives.
