See a participating distributor sales associate for more details.

*To qualify for discount: Recessed downlights must be ENERGY STAR® listed. All other fixtures and lamps must be DLC listed. Integral Controls must include daylight dimming and occupancy sensing. LLLC controls must be listed on the DLC Networked Lighting Control QPL as an LLLC product. Standalone control discounts are not eligible to be combined with fixtures with controls discounts. Site address and purchaser contact information are required at the time of sale. Quantity limits are per product category, including all SKUs or product numbers in the same product category, to a unique business address within the same business day. Discounts are only available for existing structures; new construction projects are not eligible. Discounts valid for product sales through 12/31/2026. Reach out to your participating distributor representative or the program team at PNW-rebates@energy-solution.com for more information. Scan the QR code to view additional program information.
