

Small Business Stacked Rebates and Minimum Efficiencies Small Commercial HVAC

MIDSTREAM HVAC+ PROGRAM

The table below outlines minimum efficiency requirements for the small business stacked rebates for heat pumps under 5.4 tons with details as follows:

- Small businesses (as defined as less than 50 employees) within Seattle, Shoreline, Lake Forest Park, and Burien that are City Light customers are eligible.
- Small business stacked rebates available on retrofit projects only.
- Available for a **limited time until funds are exhausted**.
- For projects with greater than three heat pumps please connect with program implementer to request approval.
- Stacked customer pass-through rebate: not to exceed total project cost.
- Customer pass-through is required. The instant discount must be demonstrated as a line item on the invoice, through a check or other method.
- **Additional data points are required:** installation cost, permit number, applicable certifications, invoice from contractor to end user.
- The heat pumps must be Cold Climate certified through ENERGY STAR or NEEP.

For full eligibility requirements for midstream rebates, see the current City Light midstream rebate table. Please reach out to the program implementer, Energy Solutions, with any questions about limits and qualifying installations.

Small commercial heat pumps				Midstream Rebates			Small Business Rebates	
Equipment type	Building type	Project type	Tier	SEER2 ¹	HSPF2	Customer pass-through (\$/outdoor system)	Customer pass-through (\$/outdoor system)	Contractor spiff ² (\$/outdoor system)
Air source heat pump <65 kBtuh <5.4 tons	Commercial	Retrofit only	1	15.2	8.1	\$300	\$9,400	\$100
			2	15.2	8.5	\$400	\$9,400	\$100
			3	16.0	9.5	\$600	\$9,400	\$100

¹ Equipment must have a qualifying SEER2 and HSPF2 rating to be eligible for the program.

² Contractor spiff will be passed through by the distributor to the contractor as a line item on the invoice.

The Small Business Stacked Heat Pump and Heat Pump Water Heater rebate is supported with funding from Washington's Climate Commitment Act. The CCA supports Washington's climate action efforts by putting cap-and-invest dollars to work reducing climate pollution, creating jobs, and improving public health. Information about the CCA is available at www.climate.wa.gov.

Small Business Stacked Rebates and Minimum Efficiencies Heat Pump Water Heaters

MIDSTREAM HVAC+ PROGRAM
