

Rhode Island Energy™

a PPL company

Lab grade cold storage instant rebates

Offer your customers incentives up to **\$2,000** per unit!

Rhode Island Energy is continuing to support energy efficiency in the life sciences and in biomedical research by extending incentive opportunities for most ENERGY STAR® certified lab-grade high-performance refrigerators & freezers and all ENERGY STAR® certified ultra low temperature freezers.

How to Participate

- 1. Verify customer eligibility.** To be eligible for incentives, qualifying equipment must be installed at a facility in Rhode Island that has a commercial or industrial electricity account with Rhode Island Energy. Sales to customers with municipal electric accounts in Rhode Island are not eligible. Customers already receiving incentives for the equipment through another program from Rhode Island Energy are not eligible.
- 2. Obtain pre-approval if necessary.** To guarantee the incentive, sales over 10 units to a single customer facility require pre-approval. Contact Energy Solutions with the number of units being installed, the equipment make and model, and the customer's installation address.
- 3. Complete the sale and submit application for rebate.** Incentive claims for all sales must be submitted within 90 days of the sale date.

Qualified Product	Equipment Size	Rebate per Unit	Distributor Stipend per Unit
Lab-Grade High Performance Refrigerators	≥6 and <25 cu. ft.	\$600	\$50
	≥25 and <44 cu. ft.	\$800	\$50
	≥44 cu. ft.	\$1,200	\$50
Lab-Grade High Performance Freezers	≥6 and <22 cu. ft.	\$600	\$50
	≥22 cu. ft.	\$1,200	\$50
Ultra-Low Temperature Freezers	>6 cu. ft.	\$2,000	\$50

Some ENERGY STAR® models within the above categories do not qualify for incentives. Please review the current qualified products list to see if your stock qualifies..
