

Spend less now. Save more later.

In 2026 save up to \$4,000¹ per unit on lab grade cold storage equipment.

With Instant Rebates, you skip the paperwork and receive a rebate right on your invoice when you purchase qualifying high-efficiency lab-grade cold storage equipment from a participating distributor. You'll keep saving with lower energy bills over the lifetime of your new equipment.

Effective April 15, 2026 through December 31, 2026

Qualified Product	Equipment Size	Customer Incentive Per Unit
Lab-Grade High Performance Refrigerators	≥6 and <25 cu. ft.	\$600
	≥25 and <44 cu. ft.	\$800
	≥44 cu. ft.	\$1,200
Lab-Grade High Performance Freezers	≥6 and <22 cu. ft.	\$600
	≥22 cu. ft.	\$1,200
Ultra-Low Temperature Freezers (-80° C)	>6 cu. ft.	\$4,000¹

¹The ULT Freezer incentive will remain at \$4,000 while funding lasts.

How to Participate

- 1. Verify equipment eligibility.** ULT Freezers must be ENERGY STAR® version 2.0 certified and meet the above criteria. Contact the program implementer for a Qualified Products List.
- 2. Verify customer eligibility.** To be eligible for incentives, qualifying equipment must be installed at a facility in New Hampshire that has a commercial or industrial electricity account with one of the NHSaves® utility partners: Eversource, Liberty, New Hampshire Electric Co-Op, or Unitil. Sales to customers with municipal electric accounts in New Hampshire are not eligible. Customers already receiving incentives for the equipment through another program from the utility partners are not eligible.
- 3. Obtain pre-approval if necessary.** To guarantee the incentive, sales over 10 units to a single customer facility require pre-approval. Contact Energy Solutions with the number of units being installed, the equipment make and model, and the customer's installation address.
- 4. Complete the sale and submit application for rebate.** Applications must be submitted no more than 60 days after the sales date.

Note: Units must be for immediate installation and not used as back-up stock. On-site inspections may be required.
